

1. At the top left of your program window, click on **File**.

A drop-down menu will appear, click on **Publish to PDF..**

2. A pop-up window will appear labeled **Publish To PDF**.

Near the bottom left of your pop-up window, select **Prepress** from the **PDF Preset:** drop-down menu.

3. Next click on the **Settings...** button near the bottom right of your window.

Another pop-up window will appear labeled **PDF Settings**.

4. Choose **PDF/X-3** from the compatibility drop-down menu near the bottom of the window.

5. Next click the **Objects** tab at the top.

Check the box that says **Export all text as curves**.

**IMPORTANT: ALL OTHER DEFAULT SETTINGS MUST BE LEFT AS IS. DO NOT MODIFY.**

6. Click **OK** to close the window.

7. Choose your save destination and click **Save**.
